

SHARCNET Research Day 2009

The premier annual event at which SHARCNET professors, postdocs and graduate students meet to learn about each other's HPC-related research. The theme of the meeting is "HPC Innovation for Research".

Call for Contributions

We invite you and your research group to attend SHARCNET Research Day 2009 and present your work. Please register for the event at <http://www.sharcnet.ca/events/RDay2009/> After registering, you can submit an abstract for an oral presentation or poster by following the link on the registration webpage, or you can come back any time later to submit an abstract by following the instructions on the webpage.

Please contact Stefan Sinclair (sgs@mcmaster.ca) if you want to contribute to the special parallel track on HPC in the Digital Humanities.

The event is free and lunch will be provided. We're looking forward to seeing you at Research Day 2009!

KEYNOTE SPEAKERS

Keynote Speaker I: Nikolas Provatas,
McMaster University

Keynote Speaker II: Wagdi George Habashi,
McGill University

THERE WILL BE

- Parallel tracks of contributed presentations on:
 - computational chemistry
 - computational physics
 - computational engineering
 - biomedical computing
 - HPC algorithms and methods
- A special parallel track on HPC in the Digital Humanities
- A poster session with prizes for best posters in several categories

IMPORTANT DATES

April 28 Deadline for abstracts - contributed oral presentations

May 5 Notification of acceptance for contributed oral presentations - final program released

May 6 Deadline for abstracts - posters
Deadline for registration (registration is free but required)

May 21 SHARCNET Research Day 2009 at University of Waterloo, Arts Lecture Hall Complex
