

Digital Humanities Fellowships Round I Call for Proposals

SHARCNET has issued a call for proposals for Round I of SHARCNET's Research Support Programmes: Digital Humanities Fellowships. This is a new SHARCNET programme that will be run as a pilot. The objectives of the programme are: to allow researchers from the Digital Humanities and Arts communities to undertake projects of exceptional promise that leverage the high-performance computing resources and infrastructure of SHARCNET; and to increase the interaction and integration between the Digital Humanities and Arts communities and the traditional HPC disciplines in the use of SHARCNET's high-performance computing resources and infrastructure. Depending upon the outcome of this pilot and on available funding, additional rounds may be announced in the future. The guidelines are available at:

http://www.sharcnet.ca/Documents/SN_DH_application_guidelines.pdf .

Applications are submitted electronically through the SHARCNET webportal, at https://www.sharcnet.ca/my/fellowship_applications/ . Applicants may also register an “intent to register” via this site.

****Note that users must have a SHARCNET webportal account in order to access the application form.****

The deadline for DH Round I is March 31, 2009

To assist researchers in understanding the guidelines and the application process, an information session has been scheduled for:

March 3, 2009 3:30-4:30 p.m. (rescheduled from March 4th)

This session will be held over SHARCNET's AccessGrid. Details of this session will also be posted on the SHARCNET “Events” website, <http://www.sharcnet.ca/Events/> . We can connect a few users by phone, for remote users who do not have a local AccessGrid room. Such users should contact SHARCNET (519-661-4000 or barb@sharcnet.ca) so that we can make arrangements for a phone-in connection.

If there are any questions or clarification required, please do not hesitate to contact SHARCNET at research-support@sharcnet.ca .
