

## *Call for Papers*

**Deadline: December 15, 2005**

# ***High Performance Computing Symposium 2006***

HPCS 2006: High Performance Computing in an Advanced Collaborative Environment  
Memorial University of Newfoundland  
May 14 – 17, 2006  
St. John's, Newfoundland and Labrador

Instructions for paper preparation are found here:

<http://www.ace-net.ca/events/hpcs2006/Submission.html>

General conference information can be found here:

<http://www.ace-net.ca/events/hpcs2006/>

**Papers are to be submitted to: [hpcs2006@ica.smu.ca](mailto:hpcs2006@ica.smu.ca)**

HPCS is a multidisciplinary conference held annually at various universities across Canada which focuses on new and exciting scientific and technical work involving High Performance Computing. HPCS is Canada's preeminent forum for high performance computing and will be attended by Canadian and International HPC experts and researchers renowned in the sciences, engineering, mathematics and applied human sciences.

### **HPCS 2006:**

- Papers can be submitted from any discipline
- Research must involve significant high performance computing
- Both oral and poster sessions
- Joint conference with OSCAR
- Student participation is encouraged
